uilt entirely from aluminium, *Raja<sup>2</sup>* has a beam of 8.6-metres and a gross tonnage of 499 GT. Designed in-house by The Italian Sea Group's Style Center, the yacht features a bold and sophisticated aesthetic that blends luxurious materials with high functionality.

"*Raja<sup>2</sup>* embodies bold and sophisticated luxury, combining exquisite materials and harmonious contrasts to create a unique and exclusive experience. Every detail is designed to offer not only beauty but also comfort and functionality," said Gianmaria Costantino, Chief Commercial Officer of The Italian Sea Group.

*Raja*'s exterior combines sleek, dynamic lines with expansive glass surfaces to enhance the indoor-outdoor connection. A sharp, modern bow gives the yacht a commanding presence, while an open stern concept creates spacious relaxation areas with direct water access.

The sundeck includes a Jacuzzi and sunbathing areas, while the upper deck features a circular lounge that can convert into a touch-and-go helipad. The yacht also offers generous storage for tenders and water toys, with a large garage housing an eight-metre tender.

Expansive marble surfaces, enriched with intricate three-dimensional details, mouldings, and decorative frames, create a seamless fusion of classic and contemporary styles. The striking contrast between Black Marquina and Calacatta Gold marble, along with the refined pairing of White Carrara and Port Saint Laurent, enhances the dynamic atmosphere, while glossy Canaletto walnut and sandblasted Dark Chocolate oak add depth and texture.

Mirrored surfaces, requested by the owner, amplify light and reflections, further enhancing the sense of space. Soft, natural-toned leathers and vibrant accents of burnt orange and deep wine red complete the refined yet inviting palette.

The project was managed by IYC and Med Waves Charters, with *Raja<sup>2</sup>* set to join IYC's charter fleet in Athens. "We are beyond proud to be adding *Raja<sup>2</sup>* to our Charter Management Fleet based out of Athens. We are certain that *Raja<sup>2</sup>* will be a super successful charter yacht and will create unforgettable moments for both owners and charterers," said Xenia Tshipidou, Head of Charter Management Greece at IYC.

Michel Chryssicopoulos, IYC Global Managing Partner, commented: “It is very exciting to see this beautiful project take shape! *Raja<sup>2</sup>*’s beautiful interiors along with her striking exterior lines and colour will make this yacht a head-turner! We are wishing her new proud owners great times onboard.” Broker Vasilis Petropoulos of Med Waves Charters & Sales also added: “I would like to express my sincere appreciation to The Italian Sea Group for their exceptional work, great professionalism, attention to detail and passion in bringing the *Raja<sup>2</sup>* to life.”
